

Heavy Capacity Pendulum Mount Tank, Hopper and Vessel Weighing

Applications

- Heavy capacity tanks, blenders, reactors and bulk inventory management
- Petroleum refining process control
- Chemical blending/batching

**Mount Only. Does Not Include Load Cell**

The RL964 mount is a low-profile compression load cell with auto-adjusting mount. Ideal for process control, batch weighing, silo/hopper and best scale applications with the built-in protection against lateral forces. Nickel or stainless steel mounts in pendulum-mount design.
